CONNECTICUT COLLEGE NEWS.

Girls to Raise \$6,000 for War Fund.—Norwich Girl Serving on Committee—House Officers Elected for Coming Year.

At weekly convocation held Tuesday morning in Hillyer hall President Marshall presented to the student body the idea and the plan for working of the Students' Friendship War Fund league. The purpose of this league is to raise money to carry on relief for men in camps both in the United States and in Europe. In a very interesting talk President Marshall spoke as follows concerning the work of the league:

There are at the present time in the American armies many university and college men, well known and well known, who are idle both in hand and mind. It is for college people not in these camps to serve their brother college men by gifts of money, food, etc. The Students' league, through its leaders, are supplementing the rations, furnishing books, current literature and music to the men; they are establishing a line of universities in the prison camps in Germany in which American soldiers are confined. Camps where the imprisoned men may complete college courses and study. It allows the men to write home, and it sees that the mail addressed to and by the soldiers reaches its destination. Sacrifice is the big word of the present day. Very often one hears school girls say to one another: "I am going to sacrifice candy. I'm not going to the movies while the war lasts." And they call this sacrifice! Then what would you call the deed of the mother who gives up one, two or three sons to the country? Sacrifice! Why, you college girls don't know what sacrifice means. And yet think of the work and the sacrifice that girls of your age are making.

The direct work that the league is at present trying to do is to raise \$55,000,000 in colleges and preparatory schools for war relief work; to build buildings in the camps where soldiers may meet their friends under proper conditions and pleasant conditions; to be known as "hostesses" houses. The girl problem in the towns about naval bases and military camps is also dealt with by the league, and forms a very important part of the work.

The league manages foreign services; sees to it that a sweater or scarf that is sent to a certain soldier reaches that soldier, and no one else. The Connecticut college is the first college in the United States to which the plan has been presented.

On Thursday a meeting, which Dr. Marshall was chairman was held in Hartford to discuss plans for the raising of \$1,000,000 for the league by students in the state of Connecticut. The raising of this money involves sacrifice, sacrifice of the deepest sort, but sacrifice is the word of the day, and the students of Connecticut college will not be behind in their contribution.

The pledges are payable on the 15th of December, and thus far the reports are as follows: Winthrop house \$260, Plant house \$880, Blackstone \$580, freshman house \$158, Thames hall \$500, other college houses totaling \$158. It is hoped that \$5,000 will be pledged by the end of the week.

The committee in charge of the fund is comprised of Miss Esther Batchelder, Rocky Hill; Marguerite Mille, Montclair, N. J.; Winona Young, Mansfield Center; Alice Horax, Montclair, N. J.; Miss Marenda Prentiss, New London; Miss Virginia Rose, Waterford; Miss Mildred Provost, Stamford; Miss Dorothy Upton, Yonkers, N. Y.; Miss Marion Kofsky, Hartford; Miss Constance Oudin, Schenectady, N. Y.; Miss Betty Rummy, Nantucket; Miss Leah Pick, Chicago; Miss Betty Eddy, New York city; Miss Dorothy Wolf, Norwich; Miss Esther Pedrick, Maryland.

The Trojan Women.—The Trojan Women of Euripides is to be given in English at Connecticut college symposium on the evenings of Oct. 26 and 27. The actors are members of the Greek department of the college. Mrs. Anna Holmes Wells is kindly contributing her time, talent and large professional experience to grill the actors and arrange the tableaux. Professor Selden of the art department has designed special scenery which is being made under his direction. The costumes also are his design. The trustees have generously made this production possible as an invitation to equipping the limited seating capacity, admission will be only by ticket. It is hoped that all who apply may be accommodated.

Pay Day.—In accordance with a decree of the student council, pay day was held at the college on Friday. The dues of all the clubs and societies were paid on this day and the total amounted to over \$300.

The council for the year 1917-18 is composed of the following girls: President, Miss Esther Batchelder, Rocky Hill; vice president, Miss Marenda Prentiss, New London; secretary, Miss Edith Lindholm, Middletown; treasurer, Miss Madeline Hinchey, New London; chairman of the executive committee, Miss Florence Lennon, Hartford; president class of 1919, Miss Virginia Rose, New London; president class of 1920, Miss Kathryn Hulbert, Groton; president class of 1921, to be elected.

Admitted to Glee Club.—The following girls have been admitted to the Glee club: Louise Bailey, Collinsville; Maud Carpenter, Putnam; Charlotte Hall, New Haven; Mary Hester, Brooklyn, N. Y.; Gertrude Espenschied, Brooklyn, N. Y.; Barbara Ashenden, Watertown; Edith Sheridan, New Haven; Lydia Marvin, Deep River; Florence Butterworth, Groton; Catherine Cone, New Britain; Ruth MacDonald, Mystic; Olive Littlehales, New Britain.

THINK TROLLEY COMPANY NEEDS TO INCREASE.

Rhode Island State Officials Favor Charge of One Cent for Transfers.

In connection with remonstrance that has been made to the Shore Line Electric Railway company's increase in fares, it is of interest to local people to learn how the Rhode Island state officials feel about the increase by the trolley company in that state. A reduction in taxes assessed against the Rhode Island company property, the abolition of jitneys and a charge of one cent each for transfers are, according to the preliminary report of engineering experts employed by the special legislative investigating commission.

While the report does not specifically state that a six-cent fare is one of the primary solutions, experts who have studied the situation declare that such is the case, and feel that an increase in rate of that amount is necessary in order to allow the Rhode Island company to meet its expenses and operate successfully.

The investigation of the company, being made at the request of the company itself, on the plea that something must be done to prevent it from going into bankruptcy, has been in progress for several months, and the commission, made up of Zents W. Bliss (chairman), William C. Ellis and George H. Newhall, under the law creating it, is given authority to make recommendations to the public utilities commission, which also is ordered to carry such recommendations into effect.

LIBERTY LOAN MERCURY GOING UP SLOWLY.

Over \$900,000 Must Be Subscribed in Norwich Yet.

The mercury in the Liberty loan thermometer is slowly, very slowly, creeping toward the bursting point, which is \$1,250,000, but if it doesn't go up faster than it has in previous days the goal will never be reached. Up to the close of banking hours on Wednesday the total amount subscribed to the Liberty loan was \$346,150, with 655 subscribers. With only about seven more days left in which to raise the desired amount, the average amount to be raised per day is well over \$100,000.

If Norwich fails to secure her allotment of the loan it will be the first time since the war started that she has failed to meet any request of the government. Let us keep our city up to the standard and bust the top off old thermometers.

John Conway of this city officiated as a bearer at the funeral of Francis Conway, held Wednesday morning, from his home in Millville, Mass.

IN FIVE MINUTES NO SICK STOMACH INDIGESTION, GAS

"PAPE'S DIAPEPSIN" IS THE QUICKEST AND SUREST STOMACH RELIEF

You don't know what upset your stomach—which portion of the food did the damage?—Well don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; if heart-dizzy and acid, belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have acid pepia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion, if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful! It stops food souring and sets things straight, so gently and easily, that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.
